

Denbigh School is enormously proud of all its students who got their results this summer. Results that reflect their hard work, commitment and determination through their years of study. We hope that all our students are proud of what they have achieved and that they move onto the next stage of their lives knowing they are ready and capable of great things.

At A Level we had some wonderful individual results including Anna Thibieroz with 4 A*s and a place at Cambridge University to read Natural Sciences; Tuguldur Gantur with 3 A*s and an A and a place at UCL to study Medicine; Lucy Turner with 2 A*s and an A to study History at Oxford University, Ijeoma Ogbuju with AAAA* and a place at Cambridge to study Law; Maryam Fetanat with 4 A*s and a place at Imperial College to study Design Engineering. Altogether 5 students are going on to study Medicine and 5 students to study Law and one to study Veterinary Science. There were many other individual wonderful achievements including Candy Amefianu, Rowan Bangar and Apoorv Patel who made the most progress from their GCSEs to their A Levels.

We are also enormously proud of our year 11 students and their GCSE results. Again, there were some wonderful individual performances: Finlay Bowler with ten grade 9s and one grade 8; Sudharshini Muthukarunakaran with six grade 9s, four grade 8s and one Distinction*; Joseph de Kock with nine grade 9s, one grade 6 and one grade 7; Charlotte Underwood with six grade 9s, three grade 8s and one grade 7 and Jayne O'Rourke with six grade 9s, two grade 8s and two grade 7s. A special mention should be given to Tanishka Birdavarde, Anna Loe and Gerald Kwan who made the most progress of all of year 11 students.

We know that all our students are resilient and we wish them all the best for the next stage of their journey, including all those students who are returning to school after a long time away.
